

## Remarks

The Examiner has asked for a single species to be elected with which to begin examination. Applicants elect as a starting point for examination an electroluminescent device comprising an anode, a cathode and one or a plurality of organic compound layers sandwiched there between, in which said organic compound layers comprise an organic compound of the formula

This is compound H-1 of Ex. 8, page 51-52 of the specification and is the compound of formula I

wherein V is H and W, X and Y are each C<sub>6</sub>-C<sub>30</sub>aryl (claim 17), C<sub>6</sub>-C<sub>30</sub>aryl being in this case

wherein R<sup>11</sup>, R<sup>12</sup>, R<sup>13</sup>, R<sup>14</sup>, R<sup>15</sup>, R<sup>16</sup> and R<sup>17</sup> are each H (claim 10).

This is comprised by the device of claims 17, 10 and 11 and the compound of claims 12, and 14-16. Claim 1 also encompasses a device containing the compound above.

Consideration of the claims on their merits is respectfully awaited. In the event that minor amendments will further prosecution, Applicants request that the examiner contact the undersigned representative.

Respectfully submitted,

Joseph C. Suhadolnik
